

Proxy Production Assistant

Operate various machinery and tools, utilizing specific processes to manufacture polyurethane climbing holds and silicone molds. Assist with shop operations including mixing, pouring, machining, assembly, receiving, equipment, maintenance, and quality control.

Primary and Essential Functions

- Follow standard operating procedures (SOPs), general directions, quality-control programs and safety requirements for all production operations;
- Sand and drill plastic parts using various power and hand tools;
- Operate composite machinery;
- Assist in the setup of pouring plastic parts for making rock climbing holds;
- Inspect, weigh, pack and ship holds in accordance with customer orders;
- Keep a clean, organized working environment and assist in maintaining machinery;
- Additional duties may be assigned in various functions of Vertical Solutions.

Qualifications

- Previous experience in a manufacturing or construction environment is required;
- Ability to operate manufacturing equipment and troubleshoot;
- Ability to complete repetitive tasks while maintaining quality and production standards;
- Proactive, self starter;
- Well-developed time management skills with the ability to manage multiple priorities;
- Ability to exercise discretion and independent judgment;
- Reliable and timely;
- Ability to work and participate effectively in a team environment.

Physical Demands

- Ability to stand on your feet the majority of the day;
- Potential exposure to hazardous chemical materials;
- Noise level is typical of that found in a manufacturing environment;
- Subject to atmospheric conditions. One or more of the following conditions that affect the respiratory system: fumes, odors, dust, mists, or poor ventilation;
- Regular and repetitive use of hands to handle, feel and operate machinery;
- Required to stand, sit and reach with arms and hands;
- Stooping, crouching, bending, kneeling, twisting, reaching, climbing, pushing and pulling;

- Must be able to occasionally lift and/or move up to 80 lbs;
- Specific vision abilities include close vision, color vision, depth perception and ability to adjust focus.
